PRIMABIOTIC COLLAGEN

Primabiotic Collagen is a supplement for women, men, seniors and athletes. It's recommended for anyone over the age of 25 who's starting to experience the effects of a deficiency of this protein. **Primabiotic Collagen** comes in the convenient form of ready-to-drink shots. Its ingredients are simple and natural – **Primabiotic Collagen** stands out from other supplements thanks to no added artificial additives or sugars (it contains only naturally occurring ones). In addition to collagen, the small serve also contains several vitamins that are important for health and beauty. The flavour combines the sweetness of apples and peaches with a delicate sour hint of lemon.

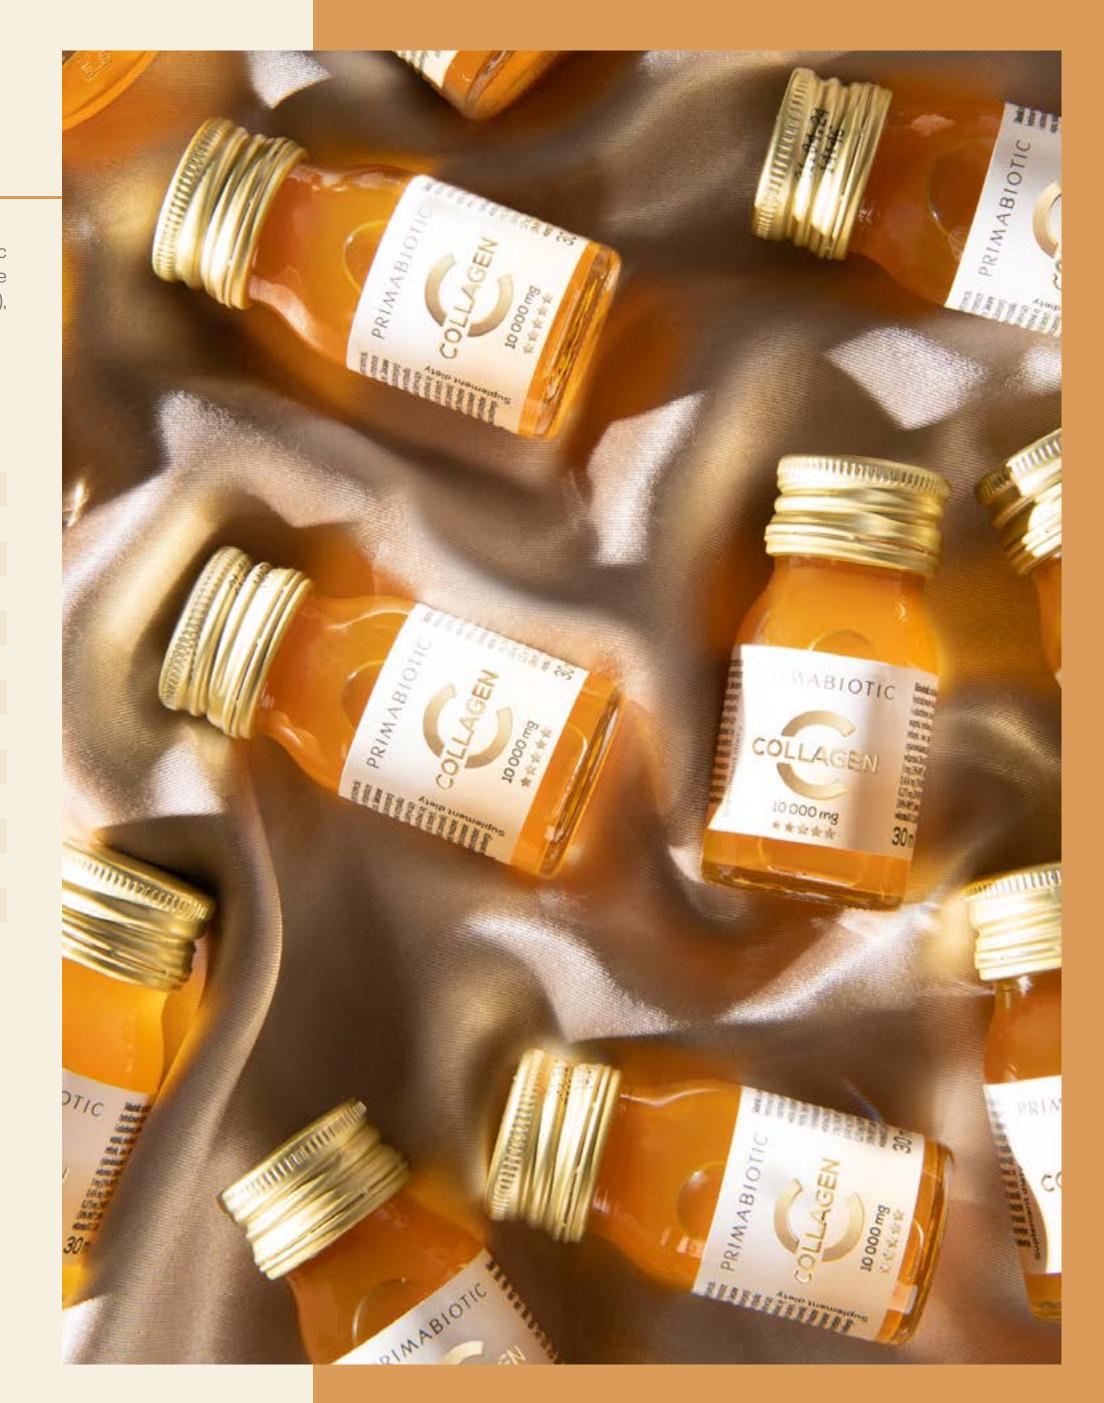

INGREDIENTS

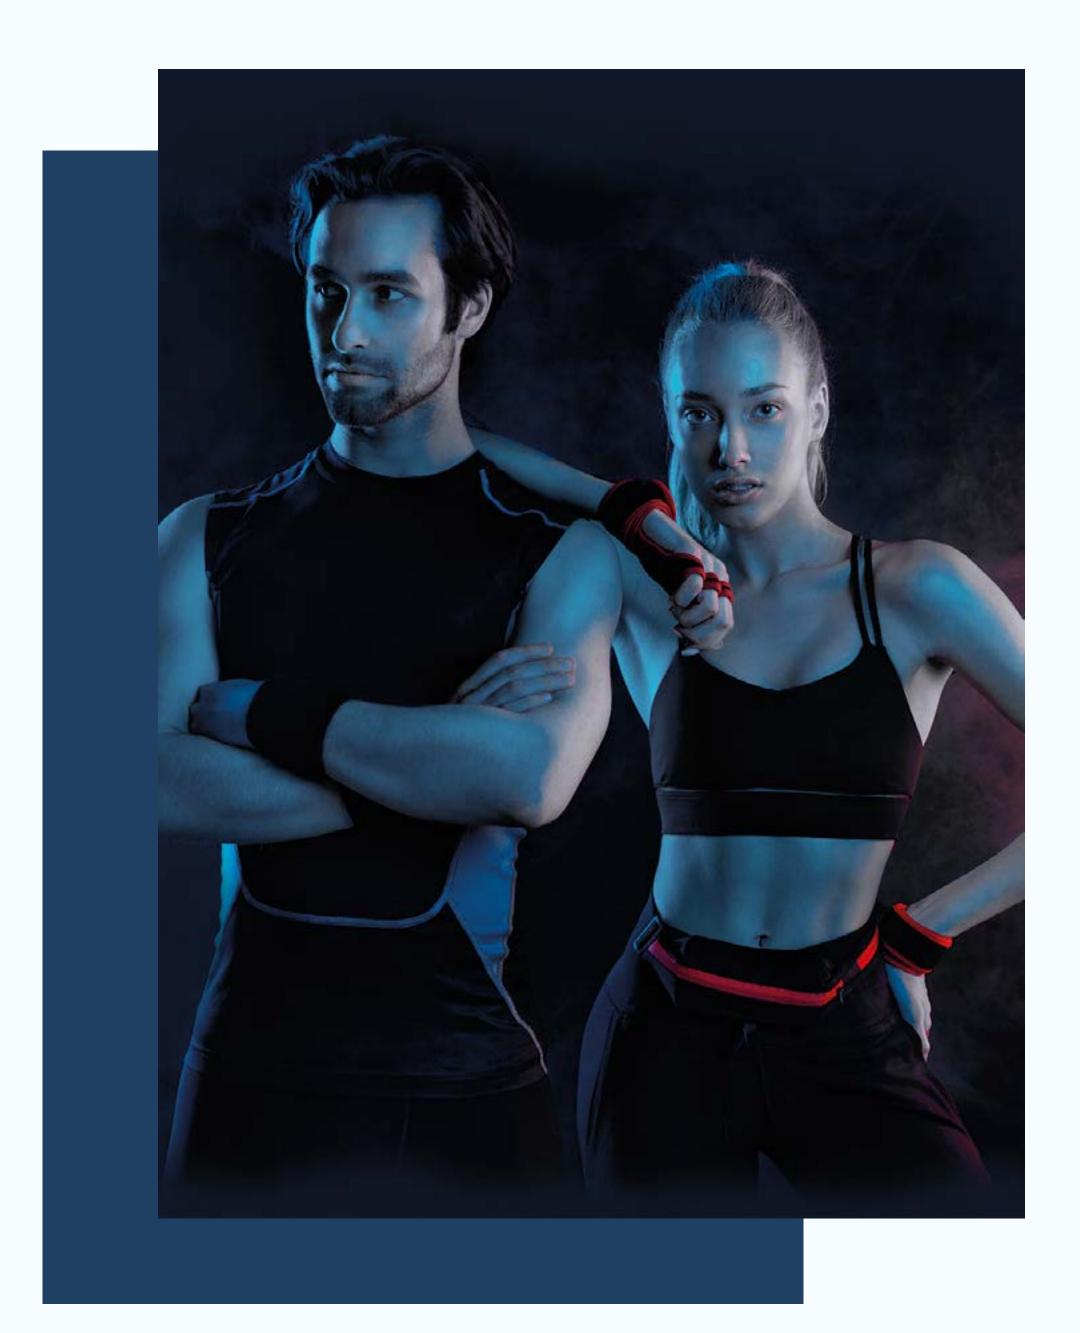

Apple juice from apple concentrate, lemon juice from lemon concentrate, hydrolysed beef collagen, L-ascorbic acid (vitamin C), nicotinic acid amide (niacin), D-alpha-tocopheryl acetate (vitamin E), calcium D-pantothenate (pantothenic acid), riboflavin (riboflavin), pyridoxine hydrochloride (vitamin B6), thiamine mononitrate (thiamine), retinyl acetate (vitamin A), pteroylmonoglutamic acid (folic acid), D-biotin (biotin), cholecalciferol (vitamin D), cyanocobalamin (vitamin B12), peach flavour.

Primabiotic Collagen Sport is a dietary supplement for active people – both athletes and amateurs. We've enriched its composition with orthosilicic acid – the best-absorbed form of silicon – for healthy joints, strong bones and muscles, as well as improved recovery post training. **Primabiotic Collagen Sport** has 10,000 mg of collagen, added orthosilicic acid, a delicious pineapple flavour, and only 45 kcal per serve. One ready-to-drink shot also provides 12 vitamins that are essential for the proper functioning and synthesis of collagen. In addition to increased strength and stamina, the supplement will help you maintain beautiful skin and strong hair and nails.
